

## **Construction Industry Scaffolders Record Scheme Press Release**

### **West Anglia Training Association WATA**

CISRS has received several messages that WATA training in East Anglia has ceased to trade.

This was totally unexpected, unfortunately we have been unable to contact those involved and such we are unable to officially confirm or offer any additional information at this time

We will continue to try to make contact and hope we can find a way to salvage submitted portfolio's, any outstanding certification etc so at least people will not have to start again from scratch.

Any claims for refunds of payments made to WATA for future training would need to be pursued with WATA directly.

We will keep you informed of any further information we receive.
