CISRS Card Endorsements Update

From 1st February 2021 the wording of certain endorsements and the order in which they appear will change on most CISRS cards.

From this date the first endorsement on all cards will show the card category. Any following endorsements will show additional training modules/qualifications held by the cardholder at the date the card was issued.

It should be noted that endorsements showing the route to achievement for Scaffolder and Advanced Scaffolder cards will no longer appear on cards. However this can still be checked by calling the CISRS Helpline on 0844 8157223 or emailing enquiries@cisrs.org.uk
