

CISRS Fulfils £150k Funding Pledge with Release of 3rd Series of Subsidised CPD Courses

The Construction Industry Scaffolders Record Scheme (CISRS) will once again be funding a number of subsidised CPD courses across the UK in the coming weeks.

This CISRS funding spend will exceed £150k for 2021 and enables approved training centres to deliver the CPD course for only £50 per delegate.

Covid-19 has caused disruption and additional expense to operatives, employers and training centres alike, these subsidised courses are a gesture from CISRS to those who have worked hard to keep the industry going in the last year or so.

CISRS is a not-for-profit organisation and wherever possible aims to give something back to its stakeholders, the Scaffolders.

CISRS Managing Director David Mosely said: "Over 500 individuals will have benefitted from these three programmes, we have reinvested over £150k back to our cardholders, there are very few training schemes that could say the same."

Neil Gray Managing Director of LTC Training Services added: "LTC Training Services are delighted to be able to facilitate additional CISRS subsidised CPD courses in our Plymouth & Cullompton training centres and wish to thank CISRS for the opportunity"

The subsidised CPD courses will be held at the following centres:

- AIS (Aberdeen) 6-7 November 2021
