

PRESS RELEASE 22.01.2024

Simian International offer UK CPD Refresher courses in UAE

Simian International are looking to help CISRS Scaffolder and Advanced Scaffolders working overseas to retain their UK card status by looking to deliver the UK CPD programme at their United Arab Emirates (UAE) facility in Musaffah, Abu Dhabi.

There are a large number of UK expats working and living in the UAE and the wider GCC (Gulf Cooperation Council) regions, who wish to keep their CISRS UK card up to date. It is not always an option for cardholders to return to the UK to complete their CPD requirement and it would be much more convenient to take a short flight to Abu Dhabi.

UK CPD courses have been run overseas, previously, however, both Simian and CISRS are hoping, that these can become a more regular fixture in the training calendar and if they prove to be successful, could be rolled out to other providers and regions.

Ian Fyall Simian International Managing Partner said "We have delivered Scaffolder CPD outside the UK on a couple of occasions in the past on an "as and when" required basis. We do have capacity to carry these out several times a year and would be happy to do so to meet demand if required."

Dave Mosley CISRS Managing Director said "We are aware that there are a number of CISRS Scaffolders and Advanced Scaffolders working in this region, usually in the Oil, Gas and Energy sectors and in often Supervisory and Management roles.

We are very pleased that they see the value in their qualifications and feel it is a positive move to help them keep their UK CISRS status, without the time and expense of travelling back home. It's a case of informing people that this option is available and we hope by letting them know it will increase demand and thus trigger more course availability."

The next course will take place on 18th/19th February 2024, there are still some spaces available, book your place asap.
