

PRESS RELEASE 06.11.24

## **All Access Training Services provide new CISRS core scheme training in Scotland**

All Access Training Services Ltd has expanded its CISRS course offering in the Scottish region by now offering Part 1 courses at their new premises at Glasgow Airport Business Park.

Their new project shows commitment to the industry and enhancing scaffolding training availability within the Scottish region. The staff at All Access Training are confident this initiative will contribute significantly to the growth and enhancement of skills within our industry, providing invaluable opportunities for training and professional development.

Situated at Glasgow Airport Business Park the 1500 square metre training facility will offer a complete training solution including CISRS SITS, CISRS COTS, Part 1, Supervisor & various CISRS SSPTS courses.

A list of what training courses All Access are accredited to deliver are available at <https://cisrs.org.uk/training-centres/> with more CISRS courses to be added in the near future.

The CISRS Auditor reported 'This new centre has been fitted out to the highest standards in all aspects of CISRS requirements and has space to grow its portfolio of courses. I wish the centre every success in this new venue'
